

# HOT SPOTS IN THE PLAN OF GOD

Dear Friends and Family,

April 2019

## HOT SPOTS IN THE PLAN OF GOD

It was the year 1985 and I had just returned from a summer youth camp and the Spirit of the Lord was stirring upon me in a tangible way. I was sixteen years old and had only just started driving. I didn't understand the call of God upon my life at the time, but what I understood or didn't understand was not impeding the stirrings of the Spirit of God - preparing me for a strategic purpose in the plan of God. I remember beginning a conversation with my mother about sensing a calling upon my life. She simply responded so sweetly, "I have known that since you were born". I looked quizzically at her and said, "you did?" Then under the weight of that experience I fell into her lap and prophesied, "I must be in the hotspots of the world, where the Spirit of God is moving!" I had no idea what I was speaking, all I knew was that I needed to speak it out. Since this time I have put my foot all over this planet, and I have seen this particular word in operation over and over again. NOW...

## PARIS AND LONDON April 11-22nd

Beth and I covet greatly your prayers for us concerning our upcoming outreaches on the streets of two European hotspots - Paris and London. We are living in a strategic opportunity for the souls of men as we enter these two European (global) centers with the cross, gospel seed, and teams.

If you have watched the news lately you will see disturbing pictures of riots in Paris and across France. This discontent is also being manifested in the UK as that nation's population struggles with its direction culturally and economically. I really believe that as we walk into Paris with the cross that we will be a part of a new wind of God coming upon France for an endtime harvest. France has been a very hard nation for far too long. This season is a season of great mercy for the inhabitants within France's borders.

Pray over our teams, both in France and in the UK. Ask the Lord of the harvest to "thrust out" laborers into these two fields or hotspots! I believe that there are angels already going before us to assist us in getting into these places. Ask the Lord to give us divine appointments!

## WASHINGTON DC May 4th

After returning from Europe I will be heading to our nation's capital to stand with the cross as a witness of the Gospel of Jesus Christ. Stand with us! Pray for us! Sow a seed into this operation of the Spirit of God in the harvest fields.

We love you, Eric and Beth Casto

Update: Our new media studio is finished. Exciting. You can stay up with us on our podcast page at [www.foursmiles.com](http://www.foursmiles.com) Also, Eric's new book "Bearing Precious Seed" will be printed and ready by the beginning of May 2019.
